The accompanying notes are an integral part of these statements.

1. Summary of Significant Accounting Policies
a. Basis of Presentation

The accompanying consolidated financial statements of The Gunma Bank, Ltd. (the "Bank") and its consolidated subsidiaries (the "Group") have been prepared from the accounts maintained by the Bank in accordance with the provisions set forth in the Banking Law, the Financial Instruments and Exchange Act of Japan and other applicable rules and regulations and in conformity with accounting principles generally accepted in Japan, which are different in certain respects as to application and disclosure requirements of International Financial Reporting Standards.

In addition, the notes to the consolidated financial statements include information which is not required under accounting principles generally accepted in Japan but is presented herein as additional information.

Certain items have been reclassified from the original consolidated financial statements filed with the Prime Minister as required by the Financial Instruments and Exchange Act for the convenience of readers outside Japan. Certain prior year amounts have been reclassified to comply with the current year presentation.

## b. Consolidation

The accompanying consolidated financial statements include the accounts of the Bank and its significant subsidiaries. The number of consolidated subsidiaries as of March 31,2020 is 6.

The remaining unconsolidated subsidiaries have been excluded from the scope of consolidation because, judging from their assets, ordinary profit, net income or loss (amounts corresponding to the Bank's equity interest), retained earnings (amounts corresponding to the Bank's equity interest) and accumulated other comprehensive income (amounts corresponding to the Bank's equity interest), they do not have a material effect on the accompanying consolidated financial statements.
As of March 31, 2020, the Bank has 2 unconsolidated subsidiaries, which are accounted by the equity method, and 1 affiliate, which is accounted by the equity method.

In reference to the consolidated subsidiaries' closing dates, one company closes accounts at the end of December, while five others close at the end of March.

Consolidation is based on each subsidiary's respective financial statement on the respective closing dates.

For any significant transactions talking place between the consolidated closing date and each subsidiary's closing date, necessary adjustments are made.

## c. Trading Account Securities

Trading securities purchased for trading purpose are stated at market value at the fiscal year end with its related cost of sales being determined mainly by the moving average method.

## d. Securities

Securities are classified into four categories: trading, held-tomaturity bonds, equity of unconsolidated subsidiaries and affiliates or securities available for sale. Trading securities are carried at market value and held-to-maturity bonds are carried at amortized cost. Equity of unconsolidated subsidiaries and affiliates are stated at cost and accounted by the equity method, respectively. Marketable securities classified as securities available for sale are carried at market value with changes in unrealized holding gain or loss, net of the applicable income taxes, recorded as a component of net assets. Securities whose fair value is not readily determinable are stated at cost determined by the moving average method or amortized cost.

Securities comprising the trust asset in money held in trust which is solely managed primarily for the purpose of securities operations are stated at market value.

## e. Derivatives

Derivatives are stated at market value.

## f. Non-current assets

(1) Property and equipment

Depreciation of Property and equipment of the Bank are computed by the straight line method.
The estimated useful lives principally applied are as follows. Buildings 6 to 50 years
Equipment and furniture 3 to 20 years
Depreciation of Property and equipment of the consolidated subsidiaries are principally computed by the straight line method based on the estimated useful lives of the respective assets.
(2) Intangible assets Intangible assets are depreciated using the straight line method. Software used internally is depreciated over its estimated useful life (mainly five years).

## (3) Leased assets

Leased assets in "Property and equipment" subject to finance lease transactions other than those under which the title of the leased equipment is transferred to the lessee are depreciated using the straight line method assuming that the lease period is equal to the useful life. If a guarantee for residual value is prescribed by the lease contract, the residual value is equal to such guaranteed residual value; otherwise, the residual value is zero.

## g. Foreign Currency Translation

Assets and liabilities denominated in foreign currencies are translated into Japanese yen at the exchange rates prevailing at the balance sheet date.

## h. Allowance for loan losses

The reserve for possible loan losses is provided in accordance with the internal policies regarding write-offs and allowance for loan losses.
For credit extended to obligors that are legally bankrupt under the Bankruptcy Law, Special Liquidation under the Commercial Code or other similar laws, and to obligors that are effectively in similar conditions, reserves are maintained at $100 \%$ of amounts of claims net of the amounts recoverable from the disposal of collateral and/or the amounts recoverable under guarantees.

For credit extended to obligors that are not yet legally or substantially bankrupt but who are likely to be bankrupt, reserves are maintained at the amount deemed necessary based on overall solvency analyses of the amount of claims less the amounts recoverable from the disposal of collateral and/or the amounts recoverable under guarantees.

For credit extended to obligors with Restructured Loan as defined in Note 4 below, reserves are maintained using Discounted Cash Flow Method ("the DCF Method") if i) the exposure to the obligor exceeds a certain threshold and ii) the future cash flow from the repayment of principal and interest can be reasonably estimated. Under the DCF Method, the reserve is determined as the difference between the book value of the loan and its present value of future cash flows discounted using the contractual interest rate before the loan was classified as a Restructured Loan.
For credit extended to those other than mentioned above, either the expected loss for the next twelve months or the expected loss for the next three years is recorded. The amount of expected loss is determined by calculating the loan-loss ratio in accordance with the average value of the historical loan-loss ratio observed over specific periods based on the twelve-month or three-year historical loan-loss experience, with the addition of future projections and other necessary adjustments.

All credits are subject to asset auditing by marketingrelated departments based on the standards for the self-
assessment of assets, and the results of the assessment are audited by the department in charge of asset auditing that is independent from the marketing-related departments.

The reserve for possible loan losses is provided based on the result of self assessment on quality of assets which is performed in accordance with the Bank's internal guidelines and is independently reviewed by the internal audit unit.

Other consolidated subsidiaries record a general reserve for possible loan losses by applying the historical loan-loss ratio observed over specific periods, and the specific reserve for certain loans at the estimated uncollectible amount based on an assessment of each borrower's ability to repay. (Additional Information)

The Bank expects the novel coronavirus (COVID-19) pandemic to continue having an impact on economic activity for the next six months or so. Although we recognize that it will have a major impact on the performance and cash flow of obligors, the allowance for loan losses is estimated based on the assumption that there will not be a significant increase in loan losses, owing to economic measures by the national and local governments and cash flow support from financial institutions.

However, the outlook regarding when the pandemic will be contained remains uncertain, and depending on changes in the status of infections and the impact on economic activity, there may be a significant impact on the allowance for loan losses from the next consolidated fiscal year.

## i. Provision for directors' bonuses

A provision is provided for the payments of bonuses to directors and the Board of Corporate Auditors Members at the amount of the estimated bonus payments corresponding to the end of the fiscal year.

## j. Accounting method for retirement benefits

In calculating retirement benefit obligation, the Bank uses the benefit formula basis for the purpose of attributing expected retirement benefit payment to the period up to the end of the fiscal year. In addition, the accounting method for actuarial gain and loss is as follows:

Actuarial gain and loss
Actuarial gain and loss are amortized from the year following the occurrence primarily by the straight line method over a fixed period (mainly 10 years) that is shorter than the average remaining service years of the eligible employees.
Meanwhile, certain consolidated subsidiaries calculate liability for retirement benefits and retirement benefit expenses by the simplified method, using the amount of retirement benefit required for voluntary resignations at the end of the fiscal year as retirement benefit obligation.

## k. Provision for directors' retirement benefits

To prepare for the payment of retirement benefits to directors and the Board of Corporate Auditors Members, a reserve is provided at the amount deemed to have accrued at the end of the fiscal year (the estimated amount payable on the balance sheet date based on the bylaws) out of the estimated amount payable as retirement benefits to directors and the Board of Corporate Auditors Members.

## 1. Provision for reimbursement of deposits

Provision for reimbursement of deposits accounts is provided for the repayment of dormant deposits which are no longer recorded as liabilities, based on the estimated reimbursement losses that may be incurred should the deposits be withdrawn.

## m. Provision for point loyalty programs

Provision for point loyalty programs is provided for the future usage of points granted to credit card members at the amount estimated to be used in the future periods.

## n. Provision for Contingent Loss

The provision for contingent loss is provided for the payment of charges related to the responsibility-sharing system to Credit Guarantee Corporations at the amount expected to be paid based on the past payment experience.

## o. Reserves under Special Laws

Reserves under the special laws represents a reserve for financial products transaction liabilities and is provided for compensation for losses from securities-related accidents in the amount computed in accordance with Article 46-5 of the Financial Instruments and Exchange Act and Article 175 of the related cabinet order.

## p. Income Taxes

Deferred tax assets and liabilities are determined based on the differences between financial reporting and the tax basis of the assets and liabilities and are measured using the enacted tax rates and laws which will be in effect when the differences are expected to be reversed.

## q. Earnings Per Share

Earnings per share was computed based on the profit available for distribution to shareholders and the number of shares of common stock outstanding during the fiscal year.

## r. Hedge Accounting

Hedge Accounting for Interest Rate Risks
The Bank adopted the standard treatment of the Industry Audit Committee Report No. 24, "Treatment of Accounting and Auditing of Application of Accounting Standard for Financial Instruments in the Banking Industry" ("Report No. $24^{\prime \prime}$ ) issued by Japanese Institute of Certified Public Accountants ("JICPA") on February 13, 2002. Under the standard treatment of the Report No. 24, the Bank applies the deferred method of hedge accounting for qualifying derivative instruments to mitigate the interest rate risks arising from various financial assets and liabilities. Hedge effectiveness is assessed for each designated group of hedged items (such as deposits) and the corresponding group of hedging instruments (such as interest rate swaps). Both of the hedged items and hedging instruments are grouped based on their durations and compared for the testing of effectiveness.

In addition to the above, the Bank applies exceptional treatment for certain interest swap contracts that meet the criteria for the exceptional treatment, under which eligible interest rate swap contracts are accounted for on an accrual basis.

## Hedge Accounting for Foreign Exchange Risks

For foreign exchange risks arising from financial assets and liabilities denominated in foreign currencies, the Bank adopted the standard treatment prescribed in the Report No. 25 issued by JICPA on July 29, 2002. Under that treatment, the Bank applies the deferred method of hedge accounting. The Bank enters into currency-swaps and foreign exchange swaps to mitigate the foreign exchange risks arising from financial assets and liabilities denominated in foreign currencies and assesses, both at the hedge's inception and on an ongoing basis, whether these derivatives are highly effective in offsetting changes in cash flows of hedged items (financial assets and liabilities). Hedge effectiveness is assessed by ensuring that the foreign currency position of the hedging instruments that are designated to hedge foreign exchange risk of the foreign currency-denominated receivables and payables exceeds that of the hedged foreign currency-denominated receivables and payables.

In addition, for available-for-sale securities (except for bonds) denominated in foreign currencies, the Bank applies the fair value hedge accounting for a portfolio hedge on the conditions that the issues of foreign currency denominated securities as hedged items are designated in advance and that the amount of foreign currency payables of spot and forward
foreign exchange contracts exceeds the amount of acquisition cost of the hedged items denominated in foreign currencies.
s. Recognition for Income and Expenses

Income and expenses associated with finance lease transactions are recognized when lease fees are receivable and payable.

## t. Cash and Cash Equivalents

Cash and cash equivalents in the consolidated statements of cash flows consist of cash and deposit with the Bank of Japan which are included in "Cash and due from banks" on the consolidated balance sheets.

## 2. Additional Information

(New accounting standards not yet applied)

- Accounting Standard for Revenue Recognition (ASBJ Statement No. 29, March 31, 2020)
- Implementation Guidance on Accounting Standard for Revenue Recognition (ASBJ Guidance, No. 30, March 31, 2020)
(1) Overview

This is a comprehensive accounting standard for revenue recognition. Revenue is recognized by applying the following five steps.
Step 1: Identify the contract with the customer.
Step 2: Identify the performance obligations in the contract.
Step 3: Calculate the transaction price.
Step 4: Allocate the transaction price to the performance obligations in the contract.
Step 5: Recognize revenue when or as the performance obligations are satisfied.
(2) Scheduled date of application

The standard will be applied from the beginning of the fiscal year ending March 31, 2022.
(3) Impact of the application of the accounting standard The impact of the application of the Accounting Standard for Revenue Recognition on consolidated financial statements is currently being evaluated.

- Accounting Standard for Fair Value Measurement (ASBJ

Statement No. 30, July 4, 2019)

- Accounting Standard for Financial Instruments (ASBJ Statement No. 10, July 4, 2019)
- Implementation Guidance on Accounting Standard for Fair Value Measurement (ASBJ Guidance No. 31, July 4, 2019)
- Implementation Guidance on Disclosures about Fair Value of Financial Instruments (ASBJ Guidance No. 19, March 31, 2020) (1) Overview

Accounting Standard for Fair Value Measurement and Implementation Guidance on Accounting Standard for Fair Value Measurement (hereinafter, "Fair Value Measurement Accounting Standard, etc.") were developed in order to improve comparability with the provisions of international accounting standards, while guidance and other provisions for the method of measuring fair value were also established. Fair Value Measurement Accounting Standard, etc. are applied to the fair value of the following items.

- Financial instruments falling under Accounting Standard for Financial Instruments
In addition, Implementation Guidance on Disclosures about Fair Value of Financial Instruments has been revised, and disclosure requirements for notes on the breakdown for each level of fair value of financial instruments have been established.
(2) Scheduled date of application

The standard will be applied from the beginning of the fiscal year ending March 31, 2022.
(3) Impact of the application of the accounting standard The impact of the application of the Accounting Standard for Fair Value Measurement on consolidated financial statements is currently being evaluated.

- Accounting Standard for Disclosure of Accounting Estimates
(ASBJ Statement No. 31, March 31, 2020)
(1) Overview

The objective of this standard is to disclose information that helps users of financial statements understand accounting estimates of items for which amounts recorded in the current year financial statements are based on accunting estimates and that carry a risk of having a significant impact on the financial statements for the following fiscal year.
(2) Scheduled date of application

The standard will be applied from the end of the fiscal year ending March 31, 2021.

- Accounting Standard for Accounting Policy Disclosures, Accounting Changes and Error Corrections (ASBJ Statement No. 24, March 31, 2020)
(1) Overview

The objective of this standard is to provide an overview of the accounting principles and procedures adopted when the provisions of relevant accounting standards are not clear.
(2) Scheduled date of application

The standard will be applied from the end of the fiscal year ending March 31, 2021.

## 3. Yen and U.S. Dollar Amounts

The Bank maintains its accounting records in yen. The yen amounts included in the accompanying consolidated financial statements are stated in millions of yen, truncating amounts of less than one million yen. Therefore, the totals or subtotals presented in the accompanying consolidated financial statements may not always add up to the sum of the respective account balances. "-" is used to denote nil and " 0 " is used to denote rounding down to zero.
Amounts in U.S. dollars are included solely for the convenience of the reader. The rate of $¥ 108.83=$ U.S. $\$ 1.00$, the approximate exchange rate prevailing on March 31, 2020, has been used. The inclusion of such amounts is not intended to imply that yen have been or could be readily converted, realized or settled in U.S. dollars at that or any other rate.

## 4. Loans and Bills Discounted

(1) Loans and bills discounted at March 31, 2019 and 2020 included the following items:
Balance of loans to borrowers under bankruptcy procedures as of March 31, 2019 and 2020 were $¥ 5,907$ million and $¥ 8,346$ million (U.S. $\$ 76,695$ thousand), respectively.

Balance of delinquent loans as of March 31, 2019 and 2020 were $¥ 59,669$ million and $¥ 58,245$ million (U.S. $\$ 535,201$ thousand), respectively.

Loans to borrowers under bankruptcy procedures consist of non-accrual loans on which the payment of principal or interest is well past due or there is no prospect of recovery of the principal or interest from the borrower (excluding the written-down portion of the loan). This category also includes the loans cited in Article 96-1-3 and 96-1-4 of the Corporation Tax Law (Government Ordinance No. 97 of 1965).

Delinquent loans are non-accrual loans, which do not fall under the classifications of loans to bankrupt borrowers or financial assistance loans where interest has been suspended for the purpose of business rehabilitation or debtor assistance.
(2) Balance of loans past due for 3 months or more as of March 31,2019 and 2020 were $¥ 2,757$ million and $¥ 2,260$ million (U.S. $\$ 20,771$ thousand), respectively.

Loans past due for 3 months or more are classified in this category when 3 months or more have elapsed since the due date without the payment of principal or interest. The balance
of loans to borrowers under bankruptcy procedures and the balance of delinquent loans are not included in this category.
(3) Balance of restructured loans as of March 31, 2019 and 2020 were $¥ 39,383$ million and $¥ 45,436$ million (U.S. $\$ 417,497$ thousand), respectively.

Restructured loans include loans which have been restructured to support the rehabilitation of certain borrowers who are encountering financial difficulties, with the intention of ensuring recovery of the loans by providing easier repayment terms for the borrowers (such as by reducing the rate of interest or by providing a grace period for the payment of principal/interest, etc.). Excluded from this balance are the balance of loans to borrowers under bankruptcy procedures, the balance of delinquent loans and the balance of loans past due for 3 months or more.
(4) The total balance of loans to borrowers under bankruptcy procedures, delinquent loans, loans past due for 3 months or more and restructured loans as of March 31, 2019 and 2020 were $¥ 107,717$ million and $¥ 114,289$ million (U.S. $\$ 114,289$ thousand), respectively.
(5) Bills discounted are accounted for as financial transactions in accordance with JICPA industry Audit Committee Report No.24. The Bank has rights to sell or pledge bank acceptances bought, commercial bills discounted, documentary bills and foreign exchange bought without restrictions. Their total face value as of March 31, 2019 and 2020 were $¥ 36,551$ million and $¥ 29,814$ million (U.S. $\$ 273,959$ thousand), respectively.

## 5. Loan Commitments

Contracts of overdraft facilities and loan commitments are contracts that require the Bank to extend credit to customers up to the prescribed limits in response to customers' application of loan as long as there is no violation of any condition in the contracts. The unused amount relating to these contracts within the limits was $¥ 1,325,139$ million, $¥ 1,306,505$ million (U.S. $\$ 12,005,014$ thousand), respectively at March 31, 2019 and 2020. $¥ 1,259,393$ million, $¥ 1,241,066$ million (U.S. \$11,403,719 thousand), respectively, at March 31,2019 and 2020 out of these unused balances were for the contracts of which original contractual term are one year or less, or unconditionally cancelable at any time.

Since many of these commitments expire without being drawn down, the unused amount does not necessarily represent a future cash requirement. Most of these contracts have conditions that the Bank can refuse customers' loan application or decrease the contract limits with proper reasons (e.g., changes in financial situation, deterioration in customers' creditworthiness). At the inception of contracts, the Bank obtains real estate, securities, etc. as collateral if considered to be necessary. Subsequently, the Bank performs periodic review of the customers' business results based on internal rules, and takes necessary measures to reconsider conditions in contracts and/or require additional collateral and guarantees.

## 6. Financial Instruments

(1) The financial instruments and related disclosures a. Policy for financial instruments

The Group provides mainly banking services and other financial services including leasing. The Bank engages in fund management including investment in securities and funding in the call market, in addition to the business of accepting deposits and negotiable certificates of deposit as well as provision of loans. With its financial assets and liabilities exposed to interest rate risk, the Bank adopts asset liability management (ALM) to avoid incurring unexpected loss due to fluctuations in interest rates. Thus, the Bank's derivative transactions are not only intended to provide solutions to customers' financial needs, but also to conduct

ALM within the Bank.
There are the Bank's consolidated subsidiaries that engage in securities business or banking business.
Also leasing operation is conducted by a consolidated subsidiary.

## b. Nature and extent of risks arising from financial instruments

Financial assets held by the Group comprise mainly loans to clients, which are exposed to credit risk. The Group's financial assets also include securities such as stocks and bonds, which are exposed to credit risk of the issuing entities as well as the risk of market price fluctuations.
Assets and liabilities in the forms of loans, bonds and deposits are exposed to interest rate risk, which is partially hedged by interest rate swap transactions. Likewise foreign currency denominated loans and bonds involve foreign currency exchange fluctuation risk, which is mitigated by making it a rule to match the currency of investment and financing, or hedged by the use of currency swap transactions.

Call money and borrowed money, etc. are exposed to cash flow risk, involving inability to settle payments on due dates as a result of the unavailability of market under certain circumstances
The Bank conducts derivative transactions including interest rate swaps and currency-swaps in an effort to accommodate clients' financial needs, and as part of the Bank's ALM effort. Besides, the Bank engages in proprietary derivative trading with the purpose to earn short-term spread, subject to risk management including the setting of certain position limits and maximum allowable losses, in an effort to prevent losses in excess of certain threshold.
The Bank applies hedge accounting, The Bank confirms that for hedges of interest rate to which exceptional treatment of interest rate swap is applied, the conditions for exceptional treatment are met and that for hedges of the foreign currency exchange fluctuation risk, foreign currency position exceeds the hedged instruments.

## c. Risk management for financial instruments

The Bank has formulated the Basic Policies of Risk Management and ancillary rules concerning risks, along with the following structure to enforce adequate risk management.

1) Credit risk management

The Bank has established its credit management structure based on the internal rules concerning credit risks, including the Credit Policy and the Basic Rules for Credit Risk Management.

Provision of loans and other credit facilities involves credit risk management such as individual credit review, post-origination credit control including the utilization of Borrower Rating System and self assessment, handling of problem loans and monitoring of the credit concentration in particular sectors in loan portfolios.

Credit risks associated with securities investment and market transactions are managed by capturing fair value and credit rating.
Primary credit risk management tools such as credit rating system, self-assessment of the Bank's asset, write-off /reserve provisioning, are developed and examined by Risk
Management Department which is independent of the business promotion division and the screening division, and checked by Inspection \& Audit Department, for the purpose of proper check and balance. Executive Committee and the Board of Directors are updated on the latest risk situation regularly and as appropriate.
2) Market risk management

Risk management structure is in place, based on the internal rules concerning market risks including the Basic Rules of Market Risk Management.
For market transactions, the department in charge of
market transactions is structured in such a way that they check each other: the Treasury \& Securities Department serves as the front office department in charge of transactions, whereas the Financial Markets \& International Department serves as the middle-office and back-office department in charge of risk management and administrative processing.

In addition, the Bank establishes the risk tolerance and the risk management criteria, conducts monitoring, and reports the monitored information to the ALM \& Profit Management Committee via the Risk Management Department.

The principal financial instruments that expose the Bank to market risk include loans, deposits, securities and derivative transactions. In order to monitor the degree of market risk exposure of these financial instruments and financial obligations, the Bank employs the VaR technique as a uniform indicator tool.

It applies the historical-simulation method to the computation of VaR. Its VaR model uses a 99.9\% confidence level and a 5-years observation period, with various holding periods depending on the holding purposes.

The total amount of value at risk (VaR) for the Bank as of March 31, 2020 and 2019 was $¥ 92,918$ million $¥ 78,980$ million (U.S. \$ 853,790 thousand), respectively.

The Bank conducts back tests by comparing the VaR derived from its measuring model and actual gains or losses, in order to confirm that its measuring model captures the market risk with sufficient adequacy. It should be noted that the VaR represents the amount of market risk under the condition of a certain event probability which was statistically calculated based on historical market fluctuations; therefore the model may not be able to capture sufficiently the risk associated with financial instruments in market turmoil that exceeds historical levels of market fluctuations.
3) Liquidity risk management

Risk management structure is in place, based on the internal rules concerning liquidity risks including the Basic Rules of Liquidity Risk Management.

With respect to liquidity risk, the ALM \& Profit Management Committee, which is convened each month, takes every precaution by identifying and analyzing the cash flow status, the balance between investing and funding, interest rate movements and other factors. With respect to cash flow risk, the Bank determines the department in charge of cash flow management, which rigorously manages cash flow periodically (e.g., daily, weekly, monthly) including its overseas bases.

We have also prepared a Contingency Plan to prepare against emergencies, and are taking every precaution including developing systems that enable us to respond appropriately to a wide range of scenarios.

## d. Supplementary explanations on fair value of financial instruments

Fair value of financial instruments are measured based on the quoted market price, if a quoted market price is available, or are measured based on the reasonably estimated value if a quoted market price is not available. Fair value of financial instruments whose quoted market price is not available is calculated based on certain assumptions, and the value might differ if different assumptions are used. In addition, the contract amount of the derivative transactions does not represent the market risk of the derivative transactions.
(2) Fair value of financial instruments

The carrying value on the consolidated balance sheet and fair value of financial instruments as of March 31, 2019 and 2020 as well as the differences between these values are described below. Financial instruments such as non-listed shares whose fair value is not readily determinable are not included in the table.

|  | Millions of yen |  |  |
| :---: | :---: | :---: | :---: |
|  | 2019 |  |  |
|  | Carrying Value | Market Value | Differences |

(Note 1)
Method of estimating fair value
Assets

1) Cash and due from banks

For due from banks without maturity, book value is reported as their fair value. Due from banks with maturity has short-term maturity (1 year or less), and thus book value is recorded as its fair value because of the proximity between the two.
2) Securities

Stocks are stated at prices quoted on stock exchanges, while bonds are stated at the reference prices for over-the-counter bond transactions (average) published by Japan Securities Dealers Association. Investment trusts are stated at the official reference price.

Privately-placed bonds with the Bank's guarantee are stated at the fair value, calculated by discounting the expected cash flows estimated to reflect the issuing entity's credit risk as of the closing date, using the market interest rate. Notes to securities by holding purpose are stated in "Securities."

## 3) Loans and bills discounted

Interest rates of variable interest rate loans reflect market interest rate at short intervals, and thus their fair values are stated at book value because of their proximity to fair value, unless there are significant changes of the borrowers' credit conditions. Fixed interest rate loans are stated at their fair value as calculated by discounting their cash flows, of which those with OTC interest rate are stated at fair value as calculated by discounting their scheduled cash flow using the interest rate that would be applicable to similar new loans, and are determined by category and by term. Loans not with OTC interest rate are stated at fair value as calculated for each credit rating group, by discounting their future cash flow estimated to reflect the credit risk of each such group, using market interest rate. For loans with shortterm maturity (1 year or less), book value is recorded as its fair value because of the proximity between the two.

In addition, receivables to borrowers that are Bankrupt borrowers, virtually bankrupt borrowers, or at Borrowers threatened with bankruptcy are stated at book value which are deemed to approximate their fair values on the consolidated balance sheets as of the consolidated closing date, minus the current amount of estimated loan losses, which are estimated based upon the current values of estimated future cash flows, collateral, guarantees, or estimated collectible amounts.

Loans undated due to their specific attributes such as loan amount being limited within the value of collateral assets, are stated at book value which are deemed to approximate their fair value in consideration of factors including estimated payment periods and interest rates conditions.

## Liabilities

1) Deposits and 2) Negotiable certificates of deposits

For demand deposit, fair value is deemed to be the amount payable on demand at year end date (book value). For time deposits and negotiable certificates of deposit, fair value is calculated by discounting future cash flows, using interest rates applicable to new deposits and market interest rate, respectively. For loans with short-term maturity (1 year or less), book value is recorded as its fair value because of the proximity between the two.

## 3) Payables under securities lending transactions

As collateral related to securities lending has short-term contractual maturity ( 1 year or less), book value is recorded as its fair value because of the proximity between the two.

## 4) Borrowed Money

The carrying amount of borrowed money with floating interest rates approximates fair value because the market rates are promptly reflected in the floating interest rate and the credit risks of the Bank and its consolidated subsidiaries have not changed significantly after borrowing. The fair value of borrowed money with fixed interest rates is determined by discounting future cash flows at the rate that would be applied for similar new contracts. The carrying amount of borrowed money with maturity of less than one year approximates fair value because of its short maturity period.

## Derivative Transaction

Derivative transactions are described in "Derivative Financial Instruments Transactions."
(Note 2)
Financial instruments whose fair value is not readily determinable are as follows: These are not included in "Assets 2) Securities" of the information on the fair values of financial instruments

## 7. Securities

(1) Market Value of Securities

Market value and valuation differences of securities as of March 31, 2019 and 2020 and other related information were as follows. Securities below include trading securities classified as trading account securities, negotiable certificates of deposits classified as Cash and due from banks. The same definition was applied in the following tables (a) to (g).
(a) Trading account securities

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Valuation gain included in income for the year ................................ | $¥ 0$ | $¥(2)$ | \$(26) |

## (b) Held-to-maturity bonds

The Bank's and its consolidated subsidiaries' investments in held-to-maturity bonds as of March 31, 2019 and 2020 were summarized as follows.

|  |  | Millions of yen |  |  |
| :---: | :---: | :---: | :---: | :---: |

(e) Securities whose holding purpose was reclassified

Foreign bonds of $¥ 3,612$ million that were classified as held-to-maturity bonds have been reclassified into available-for-sale securities in the consolidated fiscal year under review.

The reclassification is attributable to the resolution to dissolve the Bank's consolidated subsidiary Gunma Finance (Hong Kong) Ltd. After the reclassification, the Group is selling said bonds in phases to dispose of the assets due to the resolution, and the impact of this reclassification on the consolidated financial statements is immaterial.
(f) Guarantee obligations for bonds in private placement

Guarantee obligations for bonds in private placement (defined in Article 2 (3) of the Financial Instruments and Exchange Act) included in Corporate Bonds were $¥ 54,822$ million and $¥ 53,094$ million (U.S. $\$ 487,864$ thousand) as of March 31,2019 and 2020, respectively.

|  | Receipt floating payments fixed $\qquad$ |  | 218,829 | 194,184 |  |
|  | Total ............................... |  | - | - | - |

1. The Bank mainly treats them under the deferred method of hedge accounting based on JIPCA Industry Audit Committee Report No. 24.
2. Calculation of fair value

The fair values of transactions listed on exchanges are based on the last quoted market price at the Tokyo Financial Exchange Inc. or others.

The fair values of over-the-counter transactions are based on the discounted present value, option pricing models or others.
(b) Foreign Exchange Related Transactions

1. The Bank mainly applies the deferred method of hedge accounting based on JIPCA Industry Audit Committee Report No. 25.
2. Calculation of fair value

The fair values are based on the discounted present value or others.

## 12. Property and equipment

Depreciation was computed using the declining-balance method. Property and equipment as of March 31,2019 and 2020 were expressed at net of the following accumulated depreciation.

| Millions of yen |  |  | Thousands of U.S. <br> dollars |
| :---: | ---: | :---: | :---: |
| 2019 | $\mathbf{2 0 2 0}$ |  | $\mathbf{2 0 2 0}$ |
| $¥ 65,992$ | $¥ 67,953$ |  | $\$ 624,404$ |

Deferred gain on real estate deductible for tax purposes amounted to $¥ 3,823$ million and $¥ 3,823$ million (U.S. $\$ 35,136$ thousand ) on March 31,2019 and 2020, respectively.

## 13. Assets Pledged

Assets pledged as collateral as of March 31, 2019 and 2020 were as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Securities | ¥564,965 | ¥656,443 | \$6,031,825 |
| Other | - | 1,000 | 9,188 |
| Total | 564,965 | 657,443 | 6,041,013 |

Liabilities related to the above pledged assets as of March 31, 2019 and 2020 were as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Deposits | $¥ 75,440$ | $¥$ 94,950 | \$ 872,467 |
| Payables under repurchase agreements | 18,181 | 18,402 | 169,092 |
| Payables under securities lending transactions | 44,503 | 91,131 | 837,371 |
| Borrowed money | 412,862 | 479,171 | 4,402,939 |
| Other | 207 | 242 | 2,223 |

In addition, the following was pledged as collateral for settlements of exchange or margins for futures transactions as of March, 2019 and 2020.

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Securities | $¥ 31,391$ | $¥ 31,205$ | \$286,737 |
| Other | 9,972 | 10,549 | 96,933 |

Guarantee deposits of $¥ 1,430$ and $¥ 1,554$ million (U.S. $\$ 14,288$ thousand) were included in Other Assets as of March 31, 2019 and 2020,respectively.

## 14. Revaluation Reserve for Land

Pursuant to the Law concerning Land Revaluation, premises used for business operations have been revalued as of March 31, 1998. Premises revaluation gain was included as Revaluation Reserve for Land in Net Assets, net of income taxes.

Date of the revaluation: March 31,1998

Revaluation method stipulated in paragraph 3,Article 3 of the Law concerning Land Revaluation Calculated by applying reasonable adjustments to the roadside values such as adjustments for the shape of the land, based on Item 4, Article 2 of the Enforcement Ordinance of the Law concerning Land Revaluation (Enforcement Ordinance No. 119, effective March 31 1998).
The difference between the revalued carrying amount and the fair value of premises revalued pursuant to Article 10 of the Law was $¥ 18,056$ million and $¥ 17,164$ million (U.S. $\$ 157,718$ thousand) as of March 31, 2019 and 2020, respectively

## 15. Retirements Benefits

Retirement benefit plans
Retirement benefit plans adopted by the Bank and its consolidated subsidiaries
The Bank and its domestic consolidated subsidiaries have established defined benefit plans comprising a retirement lump-sum payment plan and defined benefit welfare pension plan (funded type), as well as defined contribution plan namely defined contribution pension plan. In addition, premium retirement benefits may be payable in certain circumstance at an employees' retirement. The Bank has a retirement benefit trust in place.

The changes in the retirement benefit obligation during the year ended March 31,2019 and 2020 were as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Balance at the beginning of the year ...................................................... | $¥ 89,116$ | $¥ 90,557$ | \$832,103 |
| Service cost ................................................................................................... | 2,187 | 2,292 | 21,065 |
| Interest cost | 525 | 360 | 3,309 |
| Actuarial loss ..................................................................................... | 3,277 | 1,592 | 14,631 |
| Retirement benefits paid ........................................................................... | $(2,966)$ | $(3,123)$ | $(28,698)$ |
| Prior service cost ............................................................................... | - | - | - |
| Other ............................................................................................... | $(1,583)$ | - | - |
| Balance at the end of the year .......................................................... | $\pm 90,557$ | $¥ 91,679$ | \$842,411 |

(Note)
Consolidated subsidiaries use the simplified method in calculating retirement benefit obligations.

The changes in plan assets during the year ended March 31, 2019 and 2020 were as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Balance at the beginning of the year .................................................. | $¥ 87,591$ | $¥ 87,181$ | \$801,075 |
| Expected return on plan assets ........................................................... | 2,039 | 2,031 | 18,663 |
| Actuarial loss | $(1,449)$ | $(6,766)$ | $(62,172)$ |
| Contributions by the Bank | 974 | 966 | 8,879 |
| Retirement benefits paid .......................................................................... | $(1,974)$ | $(2,003)$ | $(18,405)$ |
| Other ............................................................................................................. | - | - | - |
| Balance at the end of the year ................................................................... | $¥ 87,181$ | $¥ 81,409$ | \$748,040 |

Reconciliation of ending balances of retirement benefit obligations and plan assets, and net defined liability and net defined asset recorded on the consolidated balance sheets was as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Funded retirement benefit obligation ............................................... | $¥ 90,557$ | $\geq$ 91,679 | \$ 842,411 |
| Plan assets at fair value ........................................................................ | $(87,181)$ | $(81,409)$ | $(748,040)$ |
|  | 3,376 | 10,270 | 94,370 |
| Unfunded retirement benefit obligation ........................................... | - | - | - |
| Net liability (asset) for retirement benefits in the balance sheets ........ | 3,376 | 10,270 | 94,370 |
| Net defined liability ......................................................................... | $¥ \quad 4,848$ | $¥ 10,521$ | \$ 96,678 |
| Net defined asset ...................................................................................... | $(1,471)$ | (251) | $(2,308)$ |
| Net liability (asset) for retirement benefits in the balance sheets ........ | $¥ \quad 3,376$ | $¥ 10,270$ | \$ 94,370 |

Components of retirement benefit expense for the year ended March 31, 2019 and 2020 were as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Service cost .............................................................................................. | $¥ 2,187$ | ¥ 2,292 | \$ 21,065 |
| Interest cost ........................................................................................ | 525 | 360 | 3,309 |
| Expected return on plan assets ........................................................... | $(2,039)$ | $(2,031)$ | $(18,663)$ |
| Amortization of actuarial loss ............................................................. | 1,441 | 163 | 1,503 |
| Amortization of prior service costs ............................................................. | - | - | - |
| Other ................................................................................................. | 29 | 17 | 162 |
| Retirement benefit expense associated with defined benefit plans ...... | $¥ 2,144$ | $¥ \quad 802$ | \$ 7,377 |

(Note)
Retirement benefit expense at consolidated subsidiaries using the simplified method is collectively included in "Service cost."
Remeasurements of defined benefit plans on other comprehensive income (before tax effect adjustment) were as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Prior service cost ................................................................................ | $¥$ | ¥ | \$ |
| Actuarial gain .......................................................................................... | $(1,702)$ | $(8,194)$ | $(75,299)$ |
| Other ............................................................................................ | - | - | - |
| Total ............................................................................................... | $¥(1,702)$ | $¥(8,194)$ | \$(75,299) |

Remeasurements of defined benefit plans were as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Unrecognized prior service cost ........................................................ | $¥$ | $¥$ | \$ |
| Unrecognized actuarial loss ............................................................... | 5,534 | 13,729 | 126,152 |
| Other ................................................................................................. | - | - | - |
| Total ............................................................................................... | $¥ 5,534$ | $¥ 13,729$ | \$126,152 |

The fair value of plan assets, by major category, as a percentage of total plan assets as of March 31, 2019 and 2020 were as follows:

|  | 2019 | 2020 |
| :---: | :---: | :---: |
| Bonds ............................................................................................ | 18.9\% | 20.5\% |
| Stock .......................................................................................... | 45.0\% | 39.9\% |
| Life insurance company general accounts ......................................... | 19.3\% | 21.0\% |
| Cash and due from banks ......................................................................... | 3.4\% | 11.3\% |
| Other ............................................................................................... | 13.4\% | 7.3\% |
| Total ............................................................................................. | 100.0\% | 100.0\% |

(Note)
Total plan assets included retirement benefit trust of $35.7 \%$ and $35.6 \%$ as of March 31, 2020 and 2019, respectively, which were set for corporate pension plans and retirement lump-sum payment plan.
The expected long-term return on plan assets has been estimated based on the current and anticipated allocation of plan assets and the current and expected long-term return on various assets which are the components of plan assets.

The assumptions used in accounting for the above plans were as follows:

|  | 2019 | 2020 |
| :---: | :---: | :---: |
| 1) Discount rates |  |  |
| Welfare pension plan ................................................................ | 0.4\% | 0.3\% |
| Retirement lump-sum payment plan .......................................... | 0.2\% | 0.2\% |
| 2) Expected long-term return on plan assets |  |  |
| Welfare pension fund .................................................................. | 2.5\% | 2.5\% |
| Retirement benefit trust ................................................................ | 1.8\% ~ $2.5 \%$ | 1.8\% $\sim 2.5 \%$ |
| 3) Other assumptions |  |  |
| Expected rate of salary raises ................................................................. | 4.2\% | 3.9\% |

Defined contribution plan
Amount of contributions required for defined contribution plans at consolidated subsidiaries for the year ended March 31, 2019 and 2020 is $¥ 11$ million and $¥ 11$ million (U.S. $\$ 102$ thousand), respectively.

## 16. Cash and Cash Equivalents

The reconciliation of cash and due from banks in the consolidated balance sheets to the cash and cash equivalents as of March 312019 and 2020 was as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Cash and Due from Banks ................................................................. | $¥ 752,818$ | $¥ 845,309$ | \$7,767,251 |
| Interest-bearing Deposits included in Due from Banks (excluding Due from BOJ) | $(4,753)$ | $(3,923)$ | $(36,055)$ |
| Cash and Cash Equivalents | $¥ 748,064$ | $¥ 841,386$ | \$7,731,196 |

## 17. Lease Transactions

## a. Lessee

Operating leases
Total future lease payments under non-cancelable operating leases at March 31, 2019 and 2020 are as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| With one year | ¥ 84 | $¥ 86$ | \$ 796 |
| Over one year | 510 | 423 | 3,887 |
| Total | $\underset{ }{¥ 594}$ | $\pm 509$ | \$4,683 |

b. Lessor

Leased investment asset at March 31, 2019 and 2020 were summarized as follows:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Lease receivables ............................................................................. | ¥43,621 | ¥46,164 | \$424,189 |
| Estimated residual value .................................................................. | 6,672 | 7,244 | 66,571 |
| Interest income .................................................................................. | $(4,838)$ | $(5,400)$ | $(49,622)$ |
| Total ....................................................................................................... | $¥ 45,456$ | $¥ 48,009$ | \$441,138 |

The lease receivable amount at March 31, 2019 and 2020, and the amount of lease fees receivable on investment assets, which is scheduled to be collected after the fiscal year-end, were summarized as follows:

|  | Lease receivables | Lease investment assets |
| :---: | :---: | :---: |
|  | Millions of yen | Millions of yen |
|  | 2019 | 2019 |
| within 1 year | $¥ 2,740$ | $¥ 13,116$ |
| over 1 year and within 2 years | 2,296 | 10,615 |
| over 2 years and within 3 years | 1,791 | 8,289 |
| over 3 years and within 4 years ................................................................................................ | 1,273 | 5,661 |
| over 4 years and within 5 years | 691 | 3,258 |
| over 5 years ................. | 766 | 2,680 |

|  | Lease receivables |  | Lease investment assets |  |
| :---: | :---: | :---: | :---: | :---: |
|  | Millions of yen | Thousands of U.S. dollars | Millions of yen | Thousands of U.S. dollars |
|  | 2020 | 2020 | 2020 | 2020 |
| within 1 year | ¥3,033 | \$27,873 | ¥13,665 | \$125,571 |
| over 1 year and within 2 years ............................. | 2,540 | 23,341 | 11,270 | 103,563 |
| over 2 years and within 3 years .......................... | 1,994 | 18,324 | 8,579 | 78,836 |
| over 3 years and within 4 years .......................... | 1,382 | 12,701 | 6,113 | 56,178 |
| over 4 years and within 5 years ........................... | 763 | 7,016 | 3,409 | 31,325 |
| over 5 years ........................................................ | 873 | 8,030 | 3,124 | 28,713 |

## 18. Income Taxes

Income taxes applicable to the Bank and its consolidated subsidiaries include corporation tax, inhabitants' tax and enterprise tax.
Income taxes of the foreign consolidated subsidiaries are based generally on the tax rates applicable in their countries of incorporation.
Deferred tax assets and liabilities as of March 31, 2019 and 2020 consisted of:

|  | Millions of yen |  | Thousands of U.S. dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Deferred tax assets: |  |  |  |
| Allowance for loan losses ...................................................................... | $\geq 12,073$ | ¥ 12,064 | \$ 110,860 |
| Net defined benefit liability .. | 4,897 | 4,935 | 45,350 |
| Devaluation loss on securities ............................................................... | 523 | 513 | 4,716 |
| Depreciation ....... | 462 | 486 | 4,468 |
| Other | 7,829 | 10,075 | 92,575 |
| Subtotal | 25,787 | 28,075 | 257,971 |
| Valuation allowance. | $(3,789)$ | $(3,240)$ | $(29,772)$ |
| Total: Deferred tax assets ....................................................................... | 21,997 | 24,834 | 228,198 |
| Deferred tax liabilities: |  |  |  |
| Net unrealized gains on securities available for sale ....................... | $(33,801)$ | $(13,361)$ | $(122,773)$ |
| Retirement benefit trust ....................................................................... | $(2,055)$ | $(2,467)$ | $(22,673)$ |

| Net: Deferred tax assets (liabilities) | $¥(14,325)$ | $\pm 8,537$ | \$ 78,450 |

The reconciliation between the Japanese statutory tax rate and the Bank's effective tax rate for the year ended March 31, 2019 and 2020 is as follows:

|  | 2019 | 202 |
| :---: | :---: | :---: |
| Japanese statutory tax rate | 30.5\% | 30.5\% |
| (Adjustment) |  |  |
| Items permanently non-deductible, including entertainment expenses ........................... | 0.3 | 0.4 |
| Items permanently excluded from profit, including dividend income ........ | (0.9) | (1.9) |
| Increase (decrease) in valuation allowance ........................................... | 3.2 | (1.8) |
| Other | 0.1 | 0.3 |
| Ratio of income taxes after tax effective accounting ................................................................. | 33.2\% | 27.5\% |

## 19. Business Combinations <br> Transactions under common control

Acquisition of treasury shares by a consolidated subsidiary

1. Outline of transaction
(1) Name and business of concerned company GUNGIN LEASING CO., LTD. (leasing business)
(2) Date of business combination October 1, 2019
(3) Legal form of business combination Acquisition of shares from non-controlling interests
(4) Name of the company after combination

No change to company name
(5) Other matters concerning transaction outline

The objective of the acquisition of shares held by non-controlling interests is to increase the ratio of ownership interests within the Group to $100 \%$ and promote the strengthening of Group management.
2. Outline of accounting treatment

Based on Accounting Standard for Business Combinations (ASBJ Statement No. 21, January 16, 2019) and Implementation Guidance on Accounting Standard for Business Combinations and Accounting Standard for Business Divestitures (ASBJ Guidance No. 10, January 16, 2019), the Bank treated the business combination as transactions with non-controlling interests which fall under transactions under common control.
3. Matters to be stated in the event of the additional acquisition of subsidiary shares

Acquisition cost and related details

| Acquisition price $\quad$ Cash and due from banks | $¥ 5,293$ million <br> Acquisition cost |
| :--- | :--- |
| $¥ 5,293$ million |  |

4. Matters concerning changes in the Bank's equity relating to transactions with non-controlling interests
(1) Main reasons for fluctuations in capital surplus

Additional acquisition of subsidiary shares
(2) Amount of capital surplus increased through transactions with non-controlling interests $¥ 326$ million

## 20. Segment Information

a. Segment information by category of business

Segment information by category of business for the years ended or as of March 31, 2019 and 2020 is summarized as follows:

| Year ended or as of March 31,2019 | Millions of yen |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Banking | Lease |  | Sub total |  | Others |  | Total |  | Adjustment | Consolidated |
| Ordinary income generated from businesses with |  |  |  |  |  |  |  |  |  |  |  |
| External customers ................................ | $¥ 119,150$ | $¥$ | 26,253 | $¥$ | 145,404 | $¥$ | 3,326 | $¥$ | 148,730 | $¥$ | $¥ 148,730$ |

(Notes)

1. Total income is presented in lieu of sales of companies in other industries.
2. "Others" include business segments not included in the reportable segments, such as the delivery of goods, etc., the maintenance of

ATMs and operations of securities and guarantees.
3. Adjustments are as follows:
(1) Adjustment for segment profit of $¥(11)$ million(U.S. $\$(107)$ thousand) was elimination of intersegment transactions.
(2) Adjustment for segment assets of $¥(112,235)$ million (U.S. $\$(1,031,295)$ thousand) was elimination of intersegment transactions.
(3) Adjustment for segment liabilities of $¥(100,772)$ million (U.S. $\$(925,963)$ thousand) was elimination of intersegment transactions.
(4) Adjustment for depreciation of $¥ 63$ million (U.S. $\$ 584$ thousand) was elimination of intersegment transactions and the depreciation related to lease investment assets classified as "property and equipment" and "intangible assets" on a consolidated basis.
(5) Adjustment for interest and dividend income of $¥(296)$ million (U.S. $\$(2,722)$ thousand), adjustment for interest expenses of $¥$ (286) million (U.S. $\$(2,632)$ thousand), adjustment for equity in earnings of unconsolidated subsidiaries and associated companies of $¥(1)$ million (U.S. $\$(13)$ thousand) and adjustment for tax of $¥ 1$ million (U.S. $\$ 13$ thousand) were elimination of intersegment transactions.
(6) Adjustment for increase of tangible fixed asset and intangible fixed asset of $¥ 201$ million (U.S. $\$ 1,851$ thousand) were transferred from lease investment assets.
4. Segment profit was adjusted with reference to ordinary profit as stated in the consolidated statements of income.
b. Segment information by geographical area

Segment information by geographical area has not been disclosed because the income and total assets of Japan area constituted more than $90 \%$ of the consolidated total.
c. Operating income from foreign operations

Operating income from foreign operations has not been disclosed because it constituted less than $10 \%$ of the consolidated income.

## 21. Related parties

Transactions between the Bank and its executives or major (individual) shareholders, etc. in the year ended March 31, 2020 were as follows:

| Type | Name | Description of business or occupation | Voting rights ownership ratio | Relationship with related party | Transaction detail | Transaction amount |  | Account name | Balance at the end of the year |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  |  | Millions of yen | Thousands of dollars |  |  |
| Executive | Kazuo Saito | Chairman of the Bank | Directly owns $0.0 \%$ of the Bank's voting rights | - | Capital contribution in kind of monetary remuneration claims (Note) | $¥ 12$ | \$110 | - | - |
| Executive | Akihiko Fukai | President of the Bank | Directly owns $0.0 \%$ of the Bank's voting rights | - | Capital contribution in kind of monetary remuneration claims (Note) | 12 | 110 | - | - |

(Note)
Capital contribution in kind of monetary remuneration claims based on the restricted stock remuneration plan.
22. Earnings per Share

|  | Yen |  | U.S. Dollars |  |
| :--- | ---: | ---: | ---: | ---: |
|  | 2019 |  | $\mathbf{2 0 2 0}$ | $\mathbf{2 0 2 0}$ |
| Net Assets per Share of Common Stock | $¥ 1,232.16$ | $¥ 1,162.64$ | $\mathbf{5 2 . 7 9}$ |  |
| Earnings per Share of Common Stock | 54.12 | $\mathbf{0 . 4 8}$ |  |  |
| Diluted Earnings per Share of Common Stock | 54.00 | $\mathbf{5 2 . 7 0}$ | $\mathbf{0 . 4 8}$ |  |

1. Basis on calculating Net Assets per share was follows:

|  | Millions of Yen |  | Thousands of U.S. Dollars |
| :---: | :---: | :---: | :---: |
|  | 2019 | 2020 | 2020 |
| Consolidated Net Assets | $¥ 531,959$ | $¥ 488,028$ | \$4,484,318 |
| Deduction from Net Assets | $¥ 6,045$ | $¥ \quad 287$ | \$ 2,639 |
| Less: Subscription Rights to Shares | 510 | 287 | 2,639 |
| Less: Non-controlling Interests | 5,534 | 0 | 0 |
| Consolidated Net Assets Attributable to Common Shareholders | 525,913 | 487,741 | 4,481,678 |

|  | Thousands of Stocks |  |
| :--- | :---: | :---: |
|  | 2019 | 2020 |
| Number of Shares of Common Stock. Used for Calculating Net | 426,822 | 419,512 |

## 2. Basis of calculating Earnings per share was follows:

|  | Millions of yen | Thousands of Stocks | Yen | U.S. Dollars |
| :---: | :---: | :---: | :---: | :---: |
| For the year ended March 31, 2020 | Net income | Weighted average stocks |  |  |
| Basic EPS |  |  |  |  |
| Earnings available to Common Shareholders | $¥ 22,280$ | 422,087 | $¥ 52.79$ | \$0.48 |
| Effect of Dilutive Warrants |  | 666 |  |  |
| Diluted EPS | ¥22,280 |  | $¥ 52.70$ | \$0.48 |
|  | Millions of yen | Thousands of Stocks | Yen | U.S. Dollars |
| For the year ended March 31, 2019 | Net income | Weighted average stocks |  |  |
| Basic EPS |  |  |  |  |
| Earnings available to Common Shareholders | $¥ 23,321$ | 430,936 | $¥ 54.12$ | \$0.49 |
| Effect of Dilutive Warrants |  | 929 |  |  |
| Diluted EPS | $¥ 23,321$ |  | $¥ 54.00$ | \$0.49 |

## 23. Consumption tax

Consumption tax is excluded from transactions reported by Bank and its consolidated subsidiaries.

## 24. Changes in Net Assets

a. Information on type and number of shares issued and treasury shares

Type and number of shares issued and treasury shares in the year ended March 31, 2020 were as follows:

|  | in thousands |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
|  | Number of shares as of the previous fiscal year-end | Number of shares increased during the accounting period | Number of shares decreased during the accounting period | Number of shares as of the fiscal year-end |
| Shares issued |  |  |  |  |
| Common stock ...................... | 453,888 | - | 18,000 | 435,888 |
| Total ......................................... | 453,888 | - | 18,000 | 435,888 |
| Treasury shares |  |  |  |  |
| Common stock ......................... | 27,065 | 8,005 | 18,695 | 16,375 |
| Total ........................................... | 27,065 | 8,005 | 18,695 | 16,375 |

Type and number of shares issued and treasury shares in the year ended March 31, 2019 were as follows:

|  | in thousands |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
|  | Number of shares as of the previous fiscal year-end | Number of shares increased during the accounting period | Number of shares decreased during the accounting period | Number of shares as of the fiscal year-end |
| Shares issued |  |  |  |  |
| Common stock ........................ | 460,888 | - | 7,000 | 453,888 |
| Total ........................................... | 460,888 | - | 7,000 | 453,888 |
| Treasury shares |  |  |  |  |
| Common stock ......................... | 26,805 | 7,389 | 7,129 | 27,065 |
| Total ......................................... | 26,805 | 7,389 | 7,129 | 27,065 |

## b. Information on dividends

The following dividends were paid in the year ended March 31, 2020:

| Date of resolution | Type of shares | Amount of dividends |  | Cash dividends per share |  | Record date | Effective date |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | Millions of yen | Thousands of U.S. dollars | Yen | U.S. dollars |  |  |
| Annual meeting of shareholders held on June 25, 2019 | Common stock | $¥ 2,987$ | \$27,453 | $¥ 7.0$ | \$0.06 | $\begin{gathered} \text { March 31, } \\ 2019 \end{gathered}$ | $\begin{gathered} \text { June } 26, \\ 2019 \end{gathered}$ |
| Directors' meeting held on November 8, 2019 | Common stock | ¥2,516 | \$23,127 | $¥ 6.0$ | \$0.06 | $\begin{gathered} \text { September 30, } \\ 2019 \end{gathered}$ | $\begin{gathered} \text { December 6, } \\ 2019 \end{gathered}$ |

The following dividends were paid in the year ended March 31, 2019:

|  |  | Amount of dividends | Cash dividends per share |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Date of resolution | Type of shares | Millions of yen | Yen | Record date | Effective date |
| Annual meeting of shareholders held on June 26, 2018 | Common stock | $¥ 3,038$ | $¥ 7.0$ | $\begin{gathered} \text { March } 31, \\ 2018 \end{gathered}$ | $\begin{gathered} \text { June } 27, \\ 2018 \end{gathered}$ |

## Independent Auditor's Report

The Board of Directors The Gunma Bank, Ltd.

## Opinion

We have audited the accompanying consolidated financial statements of The Gunma Bank, Ltd. and its consolidated subsidiaries (the Group), which comprise the consolidated balance sheet as at March 31, 2020, and the consolidated statements of income, comprehensive income, changes in net assets, and cash flows for the year then ended, and notes to the consolidated financial statements.
In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at March 31, 2020, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with accounting principles generally accepted in Japan.

## Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management, the Corporate Auditor and the Board of Corporate Auditors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or crror.
In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern and disclosing, as required by accounting principles generally accepted in Japan, matters related to going concern.
The Corporate Auditor and the Board of Corporate Auditors are responsible for overseeing the Group's financial reporting process.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influenee the economic decisions of users taken on the basis of these consolidated financial statements.
As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Consider intemal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances for our risk assessments, while the purpose of the audit of the consolidated financial statements is not expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concem basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group"s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation in accordance with accounting principles generally accepted in Japan.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.
We communicate with the Corporate Auditor and the Board of Corporate Auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
We also provide the Corporate Auditor and the Board of Corporate Auditors with a statement that we have complied with the ethical requirements regarding independence that are relevant to our audit of the financial statements in Japan, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Group which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan．

## Convenience Translation

The U．S．dollar amounts in the accompanying consolidated financial statements with respect to the year ended March 31， 2020 are presented solely for convenience．Our audit also included the translation of Jupanese yen amounts into U．S．dollar amounts and，in our opinion，such translation has been made on the basis described in Note 3 to the consolidated financial statements．
